Description

Polyester lanyards can be directly screen printed or dye sublimated with your text or logos for use in security, identification and any number of other purposes.

We offer a choice of 3 widths; 10, 15 and 20mm and strongly suggest that the lanyard is fitted with a safety break for health and safety reasons.

With a choice of over 12 standard fittings, and 20 colours (with pantone matching available for a small extra charge), we are confident we can design a lanyard to meet your requirements.
